For Immediate Release

Update on COVID-19: Attendee tested negative

As mentioned in our last communication dated March 13, 2020, we had an attendee of PDAC who had been tested for the COVID-19 virus. We have received the results and the attendee who was also at the Board of Compensation meeting in Eastmain was **not infected** with the virus.

We will continue to follow the recommendations of the Cree Nation Government and the Cree Health Board such as hand washing and to avoid contaminating common areas to limit the transmission of germs. All business travel has been cancelled, and we are using video conference whenever possible.

Our staff are taking the necessary precautions to avoid the spread of any viruses at the office and in public.

BOC remains committed to the Health and Safety of our communities and we encourage you to visit the following for more information on the virus:

Cree Public Health Department: <https://www.creehealth.org/coronavirus>

Should you should you have any questions, please do not hesitate to contact me at dneeposh@boc-creeco.ca
